## 1. **WHAT ARE COOKIES?**

Cookies are small text files, image or software that might be stored on your terminal (eg. computer, tablet, smartphone) when you visit a website. Cookies allow a website to recognise you, remember your preferences and help you continue your navigation by keeping track of pages visited.

## 2. **WHY DO WE USE COOKIES?**

### 3.3 **Functional cookies**

Functional cookies record and save your choices in order to provide for a more seamless experience across our website. One-way functional cookies do this by remembering your language selection each time you visit Olive.

Please note that third parties (including for example, advertising networks and providers of external services like web traffic analysis services) may also use cookies, over which we have no control.
